

JIC-725

COAX Cable Cutter Steel

A plier designed specifically for coax cables with a steel center conductor. This plier has been tested (over 25,000 cuts) on cables with steel centers, and specifically CCSC (copper clad steel center) conductor cables without degradation to the cutting blades. Made from chrome vanadium steel. Plier will also cut many other cable types.

Specifications	
Cut Type	Cable
Cable Diameter	Copper Clad Steel
Conductor Material	Steel
Jaw Thickness	1/4"
Jaw Width	1"
Material	Chrome Vanadium Steel
Color	Red Handle
Length	6-1/4" (158.75mm)
Weight	0.475 lbs
UPC No	811490015180
